Approval of prior meeting, February 1, 2023 minutes: Mike Picchiotti(1) Steve (2) carried

Old Business:

- We continued with editing and making changes to the Master Plan. We covered the Introduction, Chapter 1 (History), Chapter 2, Natural Resources, and Chapter 3, Current Land Use and Land Cover through 3-2.2. For information needed for section 3-2.1, Steve will contact Jared Ditwiller, our township assessor. He will get information about: number of parcels classified as agricultural and the increase or decrease of those parcels from the previous 5 year mark of 2018. He will also get data for number of residential parcels. Our large wall size Township zoning map will have to be updated to coincide with our Zoning Ordinance. We will check with the county planning commission to see if they can help with that.
- Mailing of postcard to property owners regarding notification of 5 year review of our Master Plan, invitation to review blight regulations by way of website, notification of enforcement of regulations, and invitation to review our zoning plan was accomplished by Misty around March 8, 2023.
